

Nicole Stevenson is a Practitioner of Reconnective Healing and the Reconnection.

Trained by The Reconnection Teaching Faculty directly, Nicole runs her own practice in Calgary, Alberta.

After reading "*Reconnective Healing, Heal Others, Heal Yourself*" by Dr. Eric Pearl, Nicole began to feel the frequencies that Dr. Pearl was speaking about, in her own hands. Baffled, she continued on and once she finished the book she knew that she must have the Reconnective Healing and The Reconnection done to her. After experiencing the sessions herself she was so profoundly moved by this work that she would travel to Vancouver and become a practitioner herself.

Nicole approaches each day as a blessing and an opportunity to continue on her own evolutionary journey as well as assisting others on their personal evolutionary processes. Nicole is committed and energized to share this remarkable work with others and to spread its healing affects. She eagerly welcomes all that is arriving and lives each day in gratitude of the Universe and its magnificent orchestra of events.

"A new, nondirected form of energetic healing that goes beyond the formulas, techniques, and mantras that we have had to work with on this planet until now. I highly recommend it for anyone interested in awakening their own healing potential."

RECONNECTIVE HEALING & THE RECONNECTION

Reconnective Healing brings with it the interests from top doctors and medical researchers internationally, with new research programs currently underway under the guidance of Drs. Gary Schwartz, William Tiller, Konstantin Korotkov, and others.

Reconnective Healing has been presented at the United Nations, to a full house at Madison Square Garden, been featured in The New York Times and most recently is in the new film, The Living Matrix.

**Reconnective Healing** is a form of healing that is here on the planet for the very first time. It reconnects us to the fullness of the universe as it reconnects us to the fullness of our beings and of who we are. It is considered to be able to reconnect us to the universe and to our very essence not just through a new set of healing frequencies, but through possibly an entirely new bandwidth. The reality of its existence has demonstrated itself clearly in practice as well as in science laboratories.

**The Reconnection** is the umbrella process of reconnecting to the universe, which allows Reconnective Healing to take place. These healings and evolutionary frequencies are of a new bandwidth brought in via a spectrum of light and information. It is through The Reconnection that we are able to interact with these new levels of light and information, and it is through these new levels of light and information that we are able to reconnect. This is something new. This is different. This is real-and it can be entrained in each of us.

"As a physician and a neuro-scientist, I have been trained to know why and how a treatment works. When it comes to Reconnective Healing, I don't know how it works. I simply know from personal experience that it does..."

Mona Lisa Schulz, M.D., Ph.D., author of *Awakening Intuition*

Sessions by Nicole Stevenson are based on the teachings of Dr. Eric Pearl, author of *The Reconnection—Heal Others Heal Yourself*

**What Nicole's Clients Say ...**

Reconnective Healing for me, has been a door to enlightenment. Since my healing sessions I have been able to focus more on my "path" and feeling more in tune to what my body and soul need. It has made my "inner voice" louder and I feel so much closer to my source. Nicole has definitely brought a light into my life that I had forgotten was there. I can't wait for my Reconnection!"
